

FSA Steward Policy

Staff Stewards / Faculty Stewards

Stewards are elected to represent specific areas for a period of one year with an option to renew for a second year. Any candidate for election as a steward of the Association must be a member in good standing at the time of nomination, and their nomination must be made by a member in good standing at such time of nomination. A member may not accept a nomination for more than one steward position in the same election and may not hold more than one steward position simultaneously. Stewards do not hold executive office but may attend FSA Executive meetings with voice but no vote.

1. Compensation:

The stewards will receive a stipend of \$350 per year for expenses such as internet connections at home, printer cartridges, stationery supplies, mileage and travel. In addition, members are able to submit requests for extraordinary items to the Finance Committee.

2. Expectations

Stewards are required to participate in a short training workshop with respect to the Collective Agreement, the role of the steward in contract administration, and what to do when approached by a colleague with questions. This workshop is conducted annually. In addition, the FSA may provide other workshops on topics of interest to Stewards from time to time. The FSA will cover replacement costs when required.
